

## Oral Health Navigator; Creative Interprofessional Workforce Solution for Maine's School Oral Health Program

### Objective

The Oral Health Navigator (OHN), a new entry-level role, was designed to increase the public oral health workforce, via community health outreach workers (CHOWs) and other interprofessionals, needed to expand Maine's School Oral Health Program and increase children's access to quality oral health care. Utilization of the OHN will also increase data collection used to investigate the dental health of the pediatric population in Maine.

### \*Health equity

\*All children in Maine should have access to an oral health screening

### Methods

A network of CHOWs were surveyed to gauge interest in OHN training. MCD Global Health developed an online training. Participants are required to complete an oral exit interview to gauge their readiness before entering the clinical field. Data on services provided, serviced schools, and trainee progress will drive results.

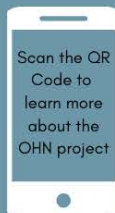

- Partnered with CHOWs and other inter-professionals
- Free online training platform launched by MCD Global Health September 2022
- 24 hours of hands-on training with a registered dental hygienist

## Pilot Project: A new inter-professional role created to expand Maine's oral health workforce has the potential to decrease disparities through...

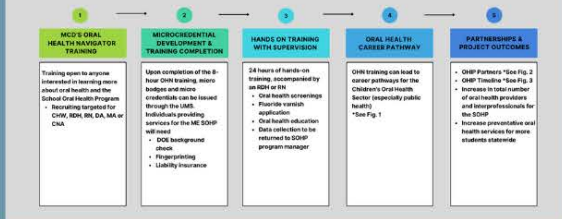

education • care coordination • increasing access to foundational oral health care services

### DHHS Non-Discrimination Notice

The Department of Health and Human Services (DHHS) does not discriminate on the basis of disability, race, color, creed, gender, sexual orientation, age, or national origin, in admission to, access to, or operations of its programs, services, or activities, or in hiring or employment practices. This notice is provided as required by Title IX of the Americans with Disabilities Act of 1990 and in accordance with the Civil Rights Act of 1964 as amended, Section 504 of the Rehabilitation Act of 1973, as amended, the Age Discrimination Act of 1975, Title IX of the Education Amendments Act of 1972 and the Maine Human Rights Act and Executive Order Regarding State of Maine Contracts for Services. Questions, concerns, complaints or requests for additional information regarding the ADA may be forwarded to DHHS/ADA Compliance/IEO Coordinator, 11 State House Station, 221 State Street, Augusta, Maine 04333, 207-287-6289 (V), 207-287-5458 (V), 1-800-406-0215 (TTY). Individuals who need auxiliary aids for effective communication in program and services of DHHS are invited to make their needs and preferences known to the ADA Compliance/IEO Coordinator. This notice is available in alternate formats, upon request.

### Oral Health Navigator Logic Model

### Discussion

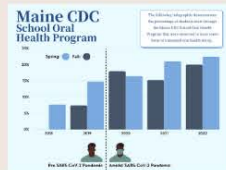

22 individuals have registered for the OHN training. 6 of those individuals have successfully completed all required modules. The existing cohort of OHNs are anticipated to begin hands-on training in the near future, pending approval.

Credential/Job Title	# of individuals Registered
Community Health Outreach Worker	9
Registered Dental Hygienist	6
Registered Nurse	1
Other	6
<b>Total</b>	<b>22</b>

\*as of April 1, 2023

### Training Topics

- Oral health foundations
- Systemic health linkages
- Children's oral health
- Oral screening process
- HIPPA compliance
- Mandated reporter training
