

FLEET MANAGEMENT AND EFFICIENCIES

INTRODUCTION

An upfitted fleet performs at a higher level of efficiency.

By renting your fleet you save time and money.

Monitoring fleet effectiveness with the right tools decreases downtime and increases productivity.

By having an optimized fleet of units with upfits, crew members' work is easier, and it takes less time to meet deadlines.

When you upfit your rental vehicles with accessories that are specifically tailored to your project goals and incorporate technology in your fleet management practices, you will increase your job site efficiency.

KEY TECHNOLOGY: **TELEMATICS**

Track your Fleet

- Real-time alerts about vehicle location, mileage, speed, arrival/departure times, and idling times.

Save on Fleet Expenses

- Keep track of maintenance of vehicles.
- Analyze fleet utilization.

Fleet Safety + Security

- Locate any vehicle, learn about any unsafe driving patterns, and notify law enforcement if a vehicle is stolen.

KEY ASSET ADDITIONS: **UPFITS**

Custom-selected based on your industry and project.

Installed and serviced before hitting your job site.

Optimize project productivity by having accessories on-site to save time and unnecessary trips/tools/space, like transfer tank and pump, overhead rack, and more.

Less upfront expense.

KEY RENTAL BENEFITS: **WHY RENT?**

Product versatility and availability; easily access large quantities of units.

Always get the newest, most up-to-date fleet while having the right equipment for the job they are performing.

Personalized customization for each unit and project.

Under warranty and maintenance is covered.

Minimal commitment.

Control CapEx.

Nationwide locations.

RESULTS

OWNERS FOUND THAT THEIR CREWS WERE MEETING DEADLINES AND BOOSTING PRODUCTIVITY BY HAVING THE NECESSARY TOOLS AT THEIR FINGERTIPS.

OPERATORS WERE ABLE TO CUT COSTS BY TRACKING THEIR FLEETS AND RECEIVING REGULAR UPDATES ON THEIR RENTAL UNITS.

FLEET MANAGERS HAVE FOUND THAT RENTING HELPS KEEP COSTS DOWN AND TEAMS NIMBLE BASED ON THE SEASONALITY OF PROJECTS.

CONCLUSION

By integrating technology and upfits into your fleet and opting for renting instead of purchasing, you can enhance productivity, reduce expenses, and minimize downtime.
