

# GRID WRAP

## GRID INFRASTRUCTURE RESILIENCE

INNOVATIVE ADVANCED MATERIALS  
TO RESTORE & INCREASE  
GRID'S INTEGRITY  
/POWER CAPACITY

### Composite WiRe Wrap GRID LINE RETROFIT

Patented advanced composites  
installed by robotic installer and  
cured in place around powerline.

**2X Increase Power Capacity**  
**Improve Resiliency**  
**No Downtime**  
**Fastest Way to Retrofit Grid Lines**

**NO  
DOWN  
TIME**

**LOW  
COST**

### Pole Wrap GRID POLE RETROFIT

Patented advanced composites  
installed around grid pole  
restoring structural integrity.

**Restore  
Structural  
Integrity**  
**Fire Resistant**  
**Durable**  
**Sustainable**  
**No Downtime**  
**Low cost**
